

# STUDY ABROAD IN THE BAHAMAS!

A real-life case study: Visit 3 Bahamian islands in 2 weeks. Snorkel and kayak in the ocean, experience the natural resources inland on each island, and talk to local business owners and government officials about their efforts to create a sustainable tourism industry and way of life particular to their island.

## BUSINESS ETHICS AND SUSTAINABILITY IN THE BAHAMAS

MAY 5 - 19, 2021
